

Safe in Your arms

Nina Luna

Verse

Do You hear the echo
When You're speaking to my heart, my heart
Emptiness is roaring
heaven can you hear me now, right now

Bridge

I am calling your name
Calling your name oh God
Will You answer my prayer
Answer my prayer oh God

Chorus

I will stay in Your arms
I will pray in Your arms
Please take the pain
That has darkened my soul
Let me stay
Safe in Your arms
